***EXAMINER'S AMENDMENT***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Nanda K. Alapati on July 5, 2006.

2. The application has been amended as follows:

In the claim:

Claim 19 (renumbered as claim 15), last line, replace "source" with -- source, said display received into said wall when the second window is received into said wall --.

Claim 21 (renumbered as claim 1), line 7, replace "extends" with -- and at least a portion of said display module extend --.

***REASONS FOR ALLOWANCE***

3. The following is an examiner's statement of reasons for allowance: the claimed invention is directed to a multi-task window including a display capable of displaying an image from a display source. Independent claims 19 and 21 identify the uniquely distinct features, "the second window includes a display received into the wall when the second window is received into the wall" of claim 19 and "the multi-task window is capable of being moved along a horizontal window unit axis until at least a portion of the multi-task window and at least a portion of the display module extend beyond the frame perimeter" of claim 21. The closest prior arts, Mitchell (US 3,896,589), McManigal (US 5,253,051), and Portwood (US 3,861,444), all cited in the

Art Unit: 2629

Office Action dated 03/17/2006, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
